

MANAGED ACCOUNTS PAYABLE

Eliminate costly, time-consuming tasks and enhance your efficiency

As a part of Corcentric's robust Managed Services offering, Managed AP combines service, technology, and financing to help you grow your business and improve your business outcomes. We eliminate friction across Procurement, AP, and Treasury within your organization, as well as the barriers at the AP / AR boundary between you and your suppliers.

MANAGED AP HIGHLIGHTS:

Allows for straight-through processing and three-way matching

No need to train employees, recruit new employees, or worry about retention

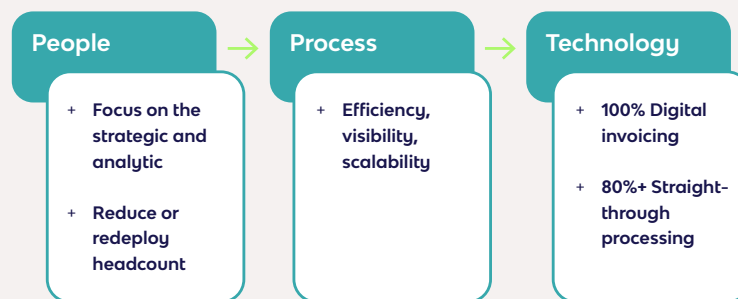

Reduces errors through automation

Configures to your business needs and goals

The balancing act of managing multiple suppliers to achieve desired results requires organizational focus and coordination. In the Corcentric model, we bear that burden as one comprehensive entity. As a single provider of technology and services, Corcentric helps you achieve long-lasting results that remove the stress from managing your Accounts Payable.

Our end-to-end Managed AP offering serves as the payment execution arm to your Treasury department, streamlining and optimizing your payments process.

MANAGED ACCOUNTS PAYABLE

Focus on Business Outcomes

Our Managed AP solution is tailored to help you achieve your target business outcomes by holistically optimizing the AP function. The key benefits to you are:

- o **Straight-through Processing** – Corcentric’s Managed AP enables touchless e-invoicing, leveraged by the capabilities of automated two- and three-way matching to drive coding and approvals, while Corcentric manages exceptions for you.
- o **AP Automation** – Our complete and comprehensive solution handles all your back-office functions from invoice ingestion to “OK to Pay” straight to your ERP.
- o **Business Visibility** – Leveraging Corcentric’s technology platform will provide your finance organization with visibility into the liabilities of your business like never before, enabling your organization to generate near real-time and accurate reporting, as well as making data-driven decisions to reach your goals.

Unlock Multiple Tiers of Value

Any one solution – whether offered by a technology provider, a business process outsourcing organization, or a consulting firm – can only provide one element of complete value to you. Combined, Corcentric can seamlessly ensure that you benefit from a multitude of value drivers. With our Managed AP solution, these benefits include:

Organizational efficiency and scalability

Payments optimization

Cost reduction (including and beyond headcount reduction)

Risk and fraud reduction

Get peace of mind.
