Gain **greater control** of your indirect spend.

39% of US businesses spend over 40% of their total procurement budget on indirect goods and services.

The good news: With significant spend comes significant opportunities to save.

Corcentric provides competitively priced, pre-sourced programs combined with flexible credit options, electronic payments, and a cloud-based transaction automation and analytics platform that cuts your costs and simplifies your payables administration.

By leveraging the purchasing power of our 1,400+ member network and our team's comprehensive and diverse industry expertise, you can reduce costs, free up resources, and gain a more strategic position to drive your business forward.

Save money on everyday items you need to keep your business running.

Our experts work with you to identify where inefficiencies currently exist and how best to streamline your processes. You'll leverage our group buying power and advanced technology to bring down supplier prices, process large quantities of invoices and payables, and achieve accurate reporting and analytics.

Drive down the cost of goods and services.

Regain control over your high-volume indirect spend categories by leveraging the aggregated buying power of our 1,400+ customers and vast supplier network.

Free your teams to focus on strategic activities.

Our sourcing experts continuously work to review and optimize our supplier portfolio, pre-negotiating pricing and supplier contracts so you can take advantage of significant savings without any of the work.

Align your team to the most effective cost saving strategies.

With a clear picture of your category spend through reporting and analytics, you'll be better-positioned to refocus all your resources on the strategic initiatives that matter most to your business.

Simplify your payables and reduce the processing burden.

We'll consolidate your purchasing and payments into a single monthly invoice to simplify your payables and maximize your savings.

The Corcentric Solution: unmatched buying power with a fully electronic invoicing system.
